

Welcome

to an oasis of elegance
and greenery

Our catalog is an invitation to experience the epitome of luxury in pots and planters. Immerse yourself in the artistry of our collection, where each piece is crafted to elevate your surroundings. Welcome to a world where nature meets sophistication.

About Exotic

THE POTS & PLANTERS SPECIALIST

Welcome to Exotic, where innovation, design, and quality converge seamlessly. As a pioneering force in the planter manufacturing industry in India, we take immense pride in our legacy of over two decades. We stand as a beacon of excellence, consistently pushing the boundaries of innovation and setting new standards in design.

Our commitment to crafting planters of unparalleled quality has made us a trusted name in the industry. With a rich history of over 15 years, we have garnered the trust of our valued customers. Each planter that bears our name is a testament to our dedication to excellence and precision.

Where Quality is more than a Promise - It's a Legacy

Sustainable Planters

Made from the nature, for the Nature

**Earth Friendly Planters, Made From 40%
crop waste**

**We are not above Nature, We are Part
of Nature**

Sustainable Series

YOUR LOVE FOR EARTH IS SEEN IN THE LITTLE STEPS THAT YOU TAKE TO FIGHT CLIMATE CHANGE.

OUR ECO SERIES IS ONE SUCH STEP

DID YOU KNOW ABOUT OUR 3E PROMISE?

ENGAGE

- Somewhere in a tiny village of India a farmer is smiling, because you bought Exotic Eco series planter.
- Crop burning in India emits as much carbon as it does from the automotive emissions.
- By using these resources we reduce carbon footprint and generate additional income.

EXPERIENCE

- The natural texture and shades of Exotic Eco series are designed to sync with your refined taste. The natural colours, and the texture of products will certainly take you to using them close to nature. The embedded fibers that are visible on the surface are rice husk, derived from agri waste.

ELEVATE

- With every eco series product you purchase, you reduce carbon footprint. The Carbon stored in agriculture waste is hidden as long as products are in use.
- So, let's work together on our dream of building a greener and better world, because small actions today cause big changes tomorrow.
